

Supernova

PHYSIOLOGICAL WELL-BEING FOR HAIR, SKIN AND NAILS

Supernova is a liquid supplement based on collagen peptides, hyaluronic acid, vitamins and minerals designed for the physiological well-being of the skin and its appendages, hair and nails. The presence of selenium, zinc and biotin contributes to the physiological maintenance of hair, skin and nails. The vitamin C present in the product stimulates the endogenous synthesis of collagen essential for the well-being of the skin.
