

Product Name:

NeuGlam Lozione Prevenzione Caduta VitalHair

Product description:

The Hair Loss Prevention Lotion is a specific treatment to counteract hair loss and promote stronger, denser and healthier hair. Its advanced formulation combines natural ingredients and highly effective active ingredients to take care of the health of the scalp and hair.

- Yarrow: With moisturizing and purifying properties, it helps to rebalance the scalp, reducing any irritation and promoting an optimal environment for hair growth.
- Coltsfoot: Known for its soothing and regenerating properties, it helps keep the skin hydrated and healthy.
- Hydrolyzed keratin: Penetrates the hair structure, strengthening it from the inside and thickening the hair fiber from roots to ends. This component helps repair damaged hair and prevent breakage.
- Ginkgo biloba: It has a stimulating action on the germinal papilla, promoting microcirculation and improving the supply of nutrients to the hair follicles, for more vigorous hair growth.

Key benefits:

- Reduces hair loss.
- Moisturizes and purifies the scalp.
- Strengthens and thickens brittle and thin hair.
- Promotes healthier and more resilient growth.
- Does not weigh down or leave residue.

How to apply:

1. After cleansing your hair with NeuGlam Hair Loss Prevention Shampoo, spray the lotion directly on the scalp, placing the nozzle a few centimeters from the scalp.

2. Distribute the product evenly on damp or dry hair.
3. Massage gently with circular movements to promote the absorption of active ingredients and stimulate microcirculation.
4. Do not rinse. Proceed with the desired styling.

Frequency of use:

It is recommended to apply 2-3 times a week, according to specific needs.

Warnings:

- Outdoor use.
- Avoid contact with eyes. If contact occurs, rinse thoroughly with water.
- Store in a cool, dry place, away from heat and direct light.

Format: 100 ml spray bottle.
