

GOLDEN SCRUB

Facial scrub with gold

An innovative scrub designed to remove all impurities and restore radiance and glow to the skin.

Thanks to ionic gold and amino acids, it delivers a remarkable brightening and regenerating effect.

The multidimensional polylactic acid microspheres provide a sustainable exfoliation system with exceptional skin compatibility and eco-friendliness.

Apply to thoroughly cleansed, slightly damp skin, avoiding the eye area and hairline. Leave on for a few minutes, then massage gently with circular upward movements. Rinse with lukewarm water and apply IdraSeta Elixir.

IDEAL FOR:

- **All skin types;**
- **Those seeking a radiant exfoliation;**
- **Mature skin in need of brightness;**
- **Young and male skin to purify and smooth.**
